

Kelaino Hdur

Running dark lost dreaming
Pantingly smiling satisfied
In the wave with black and blue eyebrows
Salt skin cracked hands
Through the space through the water
Through the space through the water
Through the space through the water
Through the space through the water
Through the space through the water
Through the space through the water
Through the space through the water
Through the space through the water

Springer svart vilsen drömmande lekande
Flämtande leende belåten
I vågen med svartblå ögonbryn
Salt hud spruckna händer
Genom rymden genom vatten
Genom rymden genom vatten
Genom rymden
