I wan't to live my life

And if you carry me away I don't want you to kiss me

cm Bb Ab G
I wan't to carry you away
cm Bb Ab G
But I'm not worthy today

Some say its a pride in disguise But for me its real

Until the darkness finally
engulf us

cm Bb Ab G
And if I'll carry you away I hope you change youre mind and stay

cm Bb Ab G

cm Bb Ab G
Wan't you to live by my life

And now I wan't you to kiss me And never leave me alone

And never leave me alone

By the flame of us human
A short while we warm our hands
Until the darkness finally engulf us
