

nr 14 Laid in the tomb 4.44

På väg ut i det okända ut i rymd ständigt mumlande "Why do we do " eller kanske Do be Do be Do

Laying inside the dark

All alone

Dreaming and streaming through the past

All alone

See through it all

All from the beginning

Untill the end

Untill the end

The end

Floatning through the space

Floatning through the space

Where are we going

Why do we do

Why do we do

Why do we do

Why do we do

Why do we do
